

## **Nurse Anesthesia Program**

### **Additional Expenses, Helpful Tips**

#### **Additional expenses to consider:**

- Certifications (CPR, ACLS, PALS) \$360
- A high-quality recorder for lectures, \$50-100
- Internet access, printer cartridges, portable driver
- Note-taking services
- Tutoring (\$25-30/hour)
- Apron and gloves \$10
- Additional research class expenses (vary, depending on project)

#### **Tips (from previous students):**

Anatomy dissection videos can be viewed at the Dahlgren Library student aid drop box under anatomy and physiology. The following is a link for more:

<http://www3.georgetown.edu/som/student/mnts.html>

An additional helpful website for anatomy is [www.netanatomy.com](http://www.netanatomy.com)

Anatomy must-have item: Netter's Cards. Approx \$40

Many students save money by purchasing a Barnes & Noble membership with the ability to purchase books on line for 10-15% off.

Amazon.com is also a good website to purchase used books for discounted prices.

Biochemistry – A very helpful book for this class was “Biochemistry” by Richard Harvey and Pamela Champe, published by Lippincott. ISBN #0-7817-2265-9. Approx \$45.

Physiology – A helpful book was “Physiology” by Linda Costanzo, published by Williams and Wilkins, approx \$40.  
ISBN # 0-683-30396-1.
